

CAREERS AT IRD

PROJECT ACCOUNTANT

The successful candidate will assist in the operation of the Project Accounting system. This includes performing cost and revenue reporting and working closely with the Project Management Office to ensure budgets, forecasts and project status changes are properly controlled and maintained.

About IRD:

IRD (International Road Dynamics Inc.) is a world leader in highway traffic management products and systems, operating internationally in the ITS (Intelligent Transportation Systems) industry. With nearly 30 years of experience, IRD is a multi-discipline company specializing in advanced traffic control and toll management technologies.

IRD's Corporate Head Office is located in Saskatoon, Canada and we are publicly traded on the TSX. IRD has operational systems worldwide and subsidiaries in Chile, India and China.

What Can IRD Offer You?

As a high-tech company in the ITS industry, IRD will offer you the opportunity to:

- work in a fast paced and challenging environment that is International in scope
- grow your career through professional development and training initiatives
- join a team of highly motivated professionals where teamwork, integrity, and respect are valued
- work for a company where work-life-balance initiatives are valued and practiced
- receive competitive compensation and benefit packages

Job Description

Department: Finance

Responsibilities May Include:

- Monitor project cost and status reporting performed by the Project Management Office – including project set up, change orders, budget revisions, warranty status and project closings for numerous concurrent projects
- Coordinate with various departments to ensure complete and accurate recording of project costs in accordance with the month-end schedule
- Perform monthly project revenue recognition to ensure timely and accurate reporting
- Critically evaluate project progress with the Project Managers to identify issues that impact revenues and forecasted costs to complete
- Identify and analyze trends, risks, and variances and assist in proactively mitigating and/or resolving potential problems
- Review project billings for accuracy and assist in performing cash flow projections
- Provide monthly project cost and gross margin analysis reports to management to assist in effective decision-making
- Prepare monthly reconciliations of unbilled revenue, revenue and cost of sales to the general ledger
