IRD RECIEVES A NOTICE OF INTENT FOR \$2.0 MILLION DATA COLLECTION SERVICE CONTRACT FROM THE INDIANA DEPARTMENT OF TRANSPORTATION

Saskatoon, SK May 6th, 2003 – International Road Dynamics Inc. (IRD) announced today that it has been awarded a contract by the Indiana Department of Transportation to maintain existing Weigh-In-Motion (WIM) Data Collection Sites statewide. The contract is valued at approximately CDN \$500,000 to include services to maintain the WIM Systems for a period of one year, and is renewable for three (3) additional years, with an anticipated total value over the next 48 months of approximately CDN \$2,000,000.

IRD's expertise and experience in the Traffic Data Collection area allows the customer to receive a complete package of service from one vendor. IRD offers the design, manufacturing, installation, data collection, data post-processing, report generation and maintenance of data collection systems. The IRD Service Support Team has provided superior technical and customer service for 23 years and is able to manage all operational needs for Data Collection and other Intelligent Transportation Systems (ITS).

Mr. Terry Bergan, IRD's President and CEO, commented "The State of Indiana has more than 40 IRD Weigh-In-Motion Data Collection Systems and has used IRD equipment since the early 90's. The WIM equipment includes Single Load Cell, Bending Plate, and Piezoelectric WIM, and IRD is pleased to continue its excellent working relationship with the Indiana Department of Transportation."

IRD is a highway traffic management technology company specializing in supplying products and systems to the global Intelligent Transportation Systems (ITS) industry. IRD is a North American company based in Saskatoon, Saskatchewan with sales and service offices throughout the United States and overseas. Private corporations, transportation agencies and highway authorities around the world use IRD's products and advanced systems to manage and protect their highway infrastructures.
