IRD'S BRAZILIAN SUBSIDIARY RECEIVES ANOTHER MAJOR WIM CONTRACT, VALUED AT \$CAD1.8 MILLION

Saskatoon, SK JULY 10th, 2006 - International Road Dynamics Inc. (IRD) announced today that PAT Traffic Sistemas de Transporte Inteligente Ltda (PAT Traffic Brazil) of São Paulo, Brazil has received a contract from the Department of Highways in the state of Bahia, Brazil (DERBA), for the design, supply and installation of WIM systems in Bahia. The contract has a value of R\$3.6 million (CAD \$1.8 million).

IRD acquired a 40% interest in PAT Traffic Brazil following its purchase of the worldwide PAT Traffic business in the fall of 2003.

Under the contract, PAT Traffic Brazil will supply and install 6 portable WIM systems, 2 fixed WIM stations with selective and slow speed enforcement scales, and an additional 2 slow speed enforcement systems, at several locations throughout the state of Bahia. Additionally, PAT Traffic Brazil will provide one year of maintenance for the systems and components. The contract is expected to be completed within 5 months and will utilize equipment and services supplied by IRD and PAT Traffic Ltda, IRD's 100% subsidiary located in Santiago, Chile.

Mr. Terry Bergan, IRD President and CEO stated "this new award again highlights the tremendous potential of the Brazilian market for WIM. Through our subsidiary PAT Traffic Brazil we have established a leadership position in the WIM business in Brazil, and with the new opportunities presented with the federal and state governments, as well as the private sector, we are confident of further major successes."

IRD is a highway traffic management technology company specializing in supplying products and systems to the global Intelligent Transportation Systems (ITS) industry. IRD is a North American company based in Saskatoon, Saskatchewan with sales and service offices throughout the United States and overseas. Private corporations, transportation agencies and highway authorities around the world use IRD's products and advanced systems to manage and protect their highway infrastructures.
