IRD AWARDED US \$2 MILLION CONTRACT FROM THE INDIANA DEPARTMENT OF TRANSPORTATION

Saskatoon, SK JANUARY 12, 2009 – International Road Dynamics Inc. (IRD) announced today the award of a Quantity Purchase Agreement for Weigh-In-Motion (WIM) and Virtual Weigh-In-Motion (VWIM) Systems, Service and Maintenance from the Indiana Department of Transportation. Under this contract, IRD will be issued task orders to assess, deliver, install, commission, calibrate, and maintain WIM and VWIM equipment at numerous locations across the State. The systems to be provided under this contract will provide high accuracy traffic and load data to the State for planning, roadway design, and enforcement purposes.

The contract is a task-order based agreement and there is no limit on the number of Quantity Purchase Awards (QPAs) to be released. The contract runs from January 1, 2009 through December 31, 2010 with a maximum value of approximately US \$2.0 Million.

Mr. Terry Bergan, IRD President and CEO, commented: "IRD continues to benefit from the emphasis on enhancing transportation infrastructure across North America, and we are extremely proud to be building on our strong relationship with the State of Indiana, which began in the early 1990's. Their confidence in IRD and our technologies confirms the value that our products and service brings to their transportation systems, and we look forward to many more years of mutual success".

IRD is a highway traffic management technology company specializing in supplying products and systems to the global Intelligent Transportation Systems (ITS) industry. IRD is a North American company based in Saskatoon, Saskatchewan Canada with sales and service offices throughout the United States and overseas. Private corporations, transportation agencies and highway authorities around the world use IRD's products and advanced systems to manage and protect their highway infrastructures.
