IRD AWARDED \$3.6 MILLION MAINTENANCE & SERVICE CONTRACT IN CHILE

Saskatoon, SK October 21, 2009 – International Road Dynamics Inc. (IRD) announced today that its wholly owned subsidiary in Santiago, Chile, PAT Traffic Ltda. has been awarded a contract by Direccion Nacional de Vialidad, MOP Chile, for the maintenance and service of IRD-PAT Automated Truck Weigh Stations installed by IRD since 1980. The contract, valued at approximately **CAD \$3,600,000**, includes the maintenance and service of twenty-five IRD-PAT Chile Weigh Stations installed throughout the country. The contract extends over the next forty-eight months and is a renewal of a contract held by PAT Traffic Chile since 1982 through numerous renewals. Throughout this period and the renewal process, the contracts have included upgrades to the latest advancements in truck inspection processes and technologies.

PAT Traffic Chile's expertise and experience in providing and maintaining WIM systems allows the customer to receive a complete package of service from one vendor. PAT Traffic Chile, as member of the IRD group, offers the design, manufacturing, installation and maintenance of Weigh-In-Motion, Traffic Data, Toll, Automatic Access Control and other complementary ITS Systems. The IRD-PAT Service Support Team has over twenty years of technical and customer service experience and is able to manage all operational and technical needs to maintain the station fully operational during the term of the contract.

Mr. Terry Bergan, IRD's President and Chief Executive Officer commented: "We are very pleased to be strengthening our presence in Chile and throughout South America. Our Chilean subsidiary has expanded significantly throughout the region over the last two years, and we look for continued growth going forward."

IRD is a highway traffic management technology company specializing in supplying products and systems to the global Intelligent Transportation Systems (ITS) industry. IRD is a North American company based in Saskatoon, Saskatchewan with sales and service offices throughout the United States and overseas. Private corporations, transportation agencies and highway authorities around the world use IRD's products and advanced systems to manage and protect their highway infrastructures.
