### **IRD AWARDED \$1.1M ALASKA WIM DATA COLLECTION CONTRACT**

**April 13, 2010, Saskatoon, SK** - International Road Dynamics Inc. (IRD) announced today that it has been awarded a contract valued at **CAD \$1.1 Million** by Ridge Contracting, Inc. of Anchorage Alaska to supply and maintain Weigh-In-Motion (WIM) Data Collection Systems for the Alaska Department of Transportation.

The contract supports Alaska DOT's traffic data collection program and includes three WIM sites located at Minnesota Drive, Glenn Highway and Sterling Highway. The sites will be instrumented with IRD iSINC WIM Electronics, Single-Load-Cell WIM Scales and Bending-Plate WIM Scales. Under the contract IRD will provide three years of maintenance and service for the systems. Installation of the systems is expected to commence in May of 2010.

Mr. Terry Bergan, IRD's President and Chief Executive Officer, stated, "IRD is pleased to provide these Weigh-In-Motion systems to assist the Alaska Department of Transportation to meet their data collection objectives. This contract will provide significant revenue in the second and third quarters of 2010. The maintenance and service portion of the contract will provide consistent revenue over the long-term. IRD has provided the Alaska DOT with approximately thirty lanes of WIM Data Collection and Commercial Vehicle Operations solutions over the past decade."

IRD is a highway traffic management technology company specializing in supplying products and systems to the global Intelligent Transportation Systems (ITS) industry. IRD is a North American company based in Saskatoon, Saskatchewan Canada with sales and service offices throughout the United States and overseas. Private corporations, transportation agencies and highway authorities around the world use IRD's products and advanced systems to manage and protect their highway infrastructures.
